As Papa Bird is undressing his young wife for the first time, he notices that she's wearing a padded bra to make her chest look bigger. He goes to unclip her bra and gives her tiny A-cup breasts a little feel. They are very sensitive and soft to the touch. Ed wonders if he'll be disappointed since Oz doesn't have much to play with. But Oz thinks small breasts are just as pretty and leads her over to his bed to continue undressing her.
